

Alfonica Product & Service Stack

Empowering Partners with
Premium Telecom Solutions

Connectivity Solutions

Business Broadband

Deliver fast, reliable internet with SOGEA, FTTP, and SFTTP options. Whether your clients need high-speed fibre or a cost-effective connection, Alfonica offers flexible solutions to keep businesses connected.

Leased Lines

Provide clients with dedicated, ultra-fast, and secure internet connectivity with speeds of up to 10gbps. Ideal for businesses that require guaranteed speeds, low latency, and reliable service with 24/7 monitoring and support.

Telephony Solutions

Hosted Telephony

Cloud-based phone systems with advanced features like call recording, voicemail-to-email, and remote working capabilities. Scalable for businesses of all sizes and fully managed for seamless communication.

Contact Centre Solutions

A feature-rich, cloud-based contact centre platform that enhances customer engagement. Includes intelligent call routing, analytics, and omnichannel support to improve customer experience and efficiency.

SIP Trunking

Enable businesses to make and receive calls over the internet with SIP trunking. Reduce costs, improve call quality, and future-proof telephony infrastructure with a scalable and flexible solution.

Mobile & Device Solutions

Business Mobile Contracts

Offer clients tailored mobile plans with leading network providers. Flexible contracts with data, calls, and text bundles to meet business needs.

Mobile Handsets & Accessories

Supply the latest smartphones, tablets, and business accessories from top brands. Competitive pricing with leasing and outright purchase options available.

Mobile Device Management

Help businesses secure, monitor, and manage their mobile devices remotely. MDM ensures data protection, device tracking, and policy enforcement for business-owned devices.

Managed Services

Alfonica Messaging

A powerful bulk SMS platform with an easy-to-use client portal. Enables businesses to send marketing messages, appointment reminders, and customer updates quickly and efficiently.

All Day Answer – Virtual Receptionist

A 24/7 virtual receptionist service that ensures businesses never miss a call. Professionally trained operators handle calls, take messages, and route enquiries, providing a seamless customer experience.

IoT (Internet of Things)

Deliver IoT connectivity solutions that enable smart devices and applications for industries like healthcare, logistics, and manufacturing. Reliable, scalable, and built for the future.

Partner with Alfonica Today

- Competitive margins for partners
